Summary

The intention was a highly participative course, so it was limited to 20 the number of students. Several people were on the waiting list. The theoretical part took place during a day and a half and participants had the opportunity to deepen in the implementation of the most frequent urodynamic studies and indications, with the help of professionals specialized in different centres. The sessions were very interactive, as it encouraged the teacher-student communication.

After the first day, we visited the Godia Foundation, and we had a dinner, both activities were highly valued.

Participants:

Profession: 1/3 urologists, 1/3 gynecologists, 1/3 nurses.

From: 5 Barcelona, 5 Castilla la Mancha, 5 Madrid, 1 Canarias, 1 Cantabria, 1 Alicante, 1 Tarragona and 1 from Girona. Emphasize the attendance of a nurse from Cornwall, United Kingdom, from the Clinical Continence Society Group.

Student assessment:

It was given an assessment questionnaire (answered by 85% of students) in which the teachers and the course were evaluated. The average score of teachers was 9 and 9'4 for the course (score from 1 to 10).

Qualitative evaluation: clear presentations, extensive content with hands-on approach, the positive atmosphere generated and accessible teachers.
