# AVANCED SEMINAR CLINICAL CASES IN URODYNAMICS

Centro Médico Teknon  
Barcelona

Friday Jan 26th 2024

THE EVENT YOU WANTED: DISCUSS YOUR CASES AND REVIEW YOUR PRACTICE !

For all professionals involved in functional urogynecology ( Uro, Gyne, Nursing, Physio)

## Presentation :

“Continentia” once again convenes a day of clinical cases open to all professionals involved in urodynamic diagnosis: a format with full interaction and participation. After 25 editions of the Accreditation Course, many delegates asked us to have more days to comment on cases: this is your opportunity. As always, we will try to make functional Uro-gyn accessible and easy to understand. We will wait for you!

## Program

*8, 30 h Welcome and document handling*

9,00 h – First session: male clinical cases

*11h – Coffee break*

11,30 h – Complications of Urodynamics and how to handle them : infections, incidents, artefacts.

12h – Second session : female Clinical cases .

13h- Third session: cases from delegates

13,30 h- Quiz / Kahoot on a difficult case

*14h – Practical pelvic floor physiotherapy session (outside if weather allows)*
